

## Professional Biography

### ***Tom Mortensen, RLA, ASLA - Landscape Architect / Site Planner***

Tom Mortensen has more than 30 years of experience in landscape architecture and related design, planning and construction professions. Tom's experience includes expertise in the areas of site planning, urban redevelopment, park and public open space design, memorials and public plazas, retail developments, restoration plans and native & naturalized planting design.

Some of his projects include design and master planning for Wisconsin State Parks, Milwaukee County Parks, US Forest Service, National Park Service, the Stockbridge-Munsee Community, Forest County Potawatomi, Boy Scouts of America, and the U.S. Department of Veterans Affairs. He has designed major projects throughout the US for national retailers and land development companies.

He currently mentors and manages a group of landscape architects that collaborate with multi-disciplinary teams of architects, developers, municipal clients, civil engineers, planners, surveyors, hydrologists, ecologists and 3D visualization specialists.

Tom has given presentations to the Wisconsin State Bar, Milwaukee Audubon Society, the Wisconsin Chapter of the American Society of Landscape Architects and the Wisconsin Green Building Alliance on topics pertaining to site design, master planning, rainfall integration, native & naturalized landscape and site development. He also teaches classes at the UWM School of Continuing Education for the Water Technology Certification.
